**The departure date must be confirmed with Management upon arrival, or at least one day before.**

**Please carefully check your arrival and departure dates** . If you wish to change your stay, please notify Management in advance. If the camper space you have occupied is unavailable, you must respect the previously agreed-upon dates or, if available, change pitches. **We generally work to reservations during busy periods, so we recommend carefully defining your arrival and departure dates during registration/booking.**

A subsequent extension of their stay must be authorized by Management and will require payment for the stay according to the price list. Visitors may only enter on foot and during daytime hours. They must hand in their identification documents at reception, which will be retained until the end of their visit, subject to payment of the fee. The entry and presence of unauthorized persons on the campsite constitutes: - a violation of public safety regulations (Article 109 of the TULPS); - violation of Article 614 of the Criminal Code (trespassing); - violation of Article 633 of the Criminal Code (invasion of land and buildings); - violation of Article 624 of the Criminal Code (theft of services) - the crime of contractual fraud.

### **Article 2 – Pitches, vehicles and mobile accommodation facilities, liability**

**Management assigns each crew member a pitch** to use with their own vehicle and provides the necessary instructions to ensure the smooth running of their stay. **Any changes to pitches must be agreed upon in advance with Management.** The availability of a pitch implies **respect for** its boundaries, therefore all equipment, including vehicles, must be neatly stored within its boundaries. Only one vehicle may park on a pitch. Other guest vehicles (boat trailers, car trailers, motorcycle trailers, cars, motorcycles, mopeds, and scooters) may be parked in the designated paid spaces (if available) indicated by Management. Only **mobile vehicles that comply** with road traffic regulations are permitted to enter and remain on the pitch. Mobile vehicles may only be equipped with the accessories and coverings specified by the manufacturers, with the exception of the option of installing a standard veranda without overlapping the mobile vehicle. It is forbidden to use the underside of the mobile accommodation vehicle to store materials, equipment, or objects of any kind, leaving it free for inspection by the designated personnel.

At the end of their stay, guests are required to remove their mobile home, as well as any other property and equipment; otherwise, Management declines all responsibility for the safekeeping of the vehicle and any other property owned by the guest. It is forbidden to transfer use of the pitch and the accommodation facilities located thereto to third parties, nor to take over ownership of flat-rate stay contracts. **Campers must be parked so as not to invade other guests' spaces, with the veranda facing north. It is not permitted to cross other guests' pitches; it is their home. Management is not liable** for accidents, thefts, or damage caused by other guests, force majeure, natural disasters, meteorological events, electromagnetic storms, vandalism, socio-political events, power surges, lightning, floods, earthquakes, tidal waves, and tsunamis, or for any other reason not directly attributable to the negligence of campsite staff.

### **Article 3 – Payment for the stay and departure time**

Payment for the stay must be made no later than the day before the agreed-upon departure date, and **the pitch must be vacated by 10:00 a.m.** on the same day. If departure is not made within the specified timeframe, the customer is required to pay for the stay for the day of departure as well, according to the established payment methods. We recommend settling the balance the day before departure.

### **Article 4 – Campsite facilities and equipment**

Connection to the technical systems on the pitch is subject to the use of materials that comply with current regulations; Guests **assume full responsibility for connections made with defective cables , equipment, and materials.** Electrical connections to tents are prohibited. Electrical damage caused by incorrect connections will not be covered by the insurance. Any faults or fires must be reported immediately to reception. Use of campsite equipment, sports facilities, and recreational facilities is at the guests' own risk. Children must be accompanied when using the equipment and sanitary facilities. The free access to potable water and electricity should not be considered a reason for waste. Guests are therefore asked to use these resources sparingly.

**The fountains located along the internal road are to be used exclusively for drawing water for loading campers.**

Any interruption in the supply of electricity or water, as well as in the provision of other services offered by the campsite due to faults or cases of force majeure, does not oblige the Management to compensate for damages or refunds of any kind.

#### **Article 5 – Internal circulation**

All vehicles may only be used to enter and exit the campsite during permitted hours, at a walking pace, and in compliance with posted signs. Owners are fully responsible for any damage they cause. Large dogs or dogs of dangerous species are not permitted unless proven to be well-behaved. Muzzles and supervision are mandatory. The facility declines all responsibility for any damage caused to property or persons by animals. Pets must have a valid pet passport and current vaccination records.

#### **Article 8 – Discharges and waste**

Chemical toilet containers, as well as all other wastewater and sewage collected from the internal toilet facilities of camper vans or other mobile homes, must be emptied during the service's opening hours and into the designated waste pits located in the camper service area or at the designated waste disposal area, taking care to keep them clean for future users.

**Unloading is possible in the morning from 8:00 AM to 12:00 PM, from 4:00 PM to 7:00 PM, and from 10:00 PM to 12:00 AM. The unloading area is open from 8:15 AM to 2:00 PM and from 4:15 PM to 11:30 PM.**

Near the campsite's waste disposal area, there is a recycling center equipped with special containers for waste sorting. Guests are asked **not to leave waste on the pitch** or anywhere else other than the recycling center.
